

EXTREME CLASSROOM MAKEOVER

Who Can Apply?

To qualify, applicants must:

- STEM teachers in grades 3-10
- Public schools located within 50 miles of Oak Ridge, Tennessee

To enter, submit an application along with a 2-3-minute video sharing:

- Your classroom's technology needs
- How new technology would enhance student learning
- The impact it could make for your students

What Could \$25,000 in Cutting-Edge Technology Do For Your STEM Classroom?

ORAU's 2027 Extreme Classroom Makeover is giving one East Tennessee STEM teacher the ultimate classroom upgrade — a complete tech transformation designed to spark curiosity, fuel discovery and bring math and science to life.

One deserving teacher will receive \$25,000 in interactive educational equipment to create a more engaging, hands-on learning experience for students.

Today's students are preparing for tomorrow's careers. ORAU is investing in classrooms with the tools and technology that help students explore, create and innovate.
