Why ORAU

- ORAU instructional designers can transform your traditional classroom training to effective online learning.
- ORAU evaluation specialists can develop scenario-based activities so learners can assess their understanding and retention of the material.
- ORAU has conducted more than 200 training webinars, developed more than 60 original eLearning modules and converted more than 30 classroom-based courses to online programs.

Sample Portfolio

- **Centers for Disease Control and Prevention (CDC) Virtual Healthy School**
  Each scene in the CDC Virtual Healthy School shows a different way that school staff use best practices to chart their path toward a healthier school setting.

- **National Library of Medicine (NLM) Standardizing Data Collection**
  This course from the NLM teaches users how to use common data elements (CDEs) to make data collection and sharing easier.
