7. Enter in the password you want. It must be between 10 – 32 characters.

The screenshot shows the CVS Caremark mobile app interface for setting up a password. At the top left is the CVS Caremark logo. The screen is titled "Step 5 of 5 Set up your password". Below the title, it says "All fields required." The "Password" section includes a text box, a "Show Password" checkbox, and instructions: "Password must be 10 to 32 characters and include an uppercase letter, lowercase letter and number." The "Confirm Password" section includes another text box, a "Show Password" checkbox, and the instruction "Passwords must match". At the bottom, there are links for "Terms & Conditions" and "Privacy Policy", a checkbox for "I agree to the Terms & Conditions and Privacy Policy", a red "Continue" button, and a "Back" button with a left arrow.

8. After you select your password and agree to the terms and conditions, you will be prompted to log into your account.
