

Patricia Martinez
Presidential Innovation Fellow
AI and Technology Office
U.S. Department of Energy

Patricia (Tricia) is a serial entrepreneur passionate about driving large-scale impact through technology and innovation. Tricia was named top 20 founders of color, Hispanic Entrepreneur of the Year, top 100 Fintech leaders creating impact, and 100 most influential people in cryptocurrency. Her entrepreneurial experience ranges from digital banking, blockchain, and machine learning in the financial industry. As a Presidential Innovation Fellow, Tricia is developing and executing AI strategy at the Department of Energy's AI & Technology Office (AITO). At AITO she leads two mission areas - Cultivating an AI-Ready Workforce and Fostering and Facilitating an AI-Climate Action Community.
